150 MILES AN HOUR
MAKES CHEAP WEATHER
WATCH PROPHECIES
OVER THE OCEAN

—By Arthur Brisbane—

A TERRIFIC WIND, blowing 150 miles an hour and for hours without ceasing, has destroyed Santo Domingo, chief city of the Dominican republic. The houses of the prosperous class were levelled and the lighter dwellings of the poor were picked up and carried away by the terrific wind.

In Santo Domingo, 500,000 were menaced by hunger, thieves are at work in the ruins, and as this is written, the wind speeds on, headed, it is feared, for the coast of the United States.

IT IS BELIEVED that the speed of the latest destructive hurricane was at times the greatest on record. Yet the modern high speed airplane could easily fly ahead from it, and around it.

A mail or passenger plane of 200 or 250 miles an hour speed, could, with perfect safety, fly ahead and away from the path of such a tornado.

Farmers should know that science is responsible for the surplus crop and low price of wheat. Thirty-two years ago, a great scientist, Sir William Crooke, told the British Scientific association "unless something is done to prevent it, 1931 will see such a lack of wheat as will cause wide spread starvation."

And now 1930 sees more wheat than the people can eat.

PROFESSOR BYER TELLS the British Science Association that science has done more than Sir William Crooke expected. Botany and scientific production of fertilizers, nitrogen especially, have extended the northern limits of wheat production so far that any possibility of shortage vanishes.

AUSTRALIANS AND OTHERS are impressed by old Solomon, an old aboriginal Australian, who predicted "drenching rains to end the drouth in the first quarter of the moon."

The drenching rains came, crops were saved, Solomon is a hero, and the weather bureau which saw no rain coming is made ridiculous.

The public, eager to be deceived, hears and cares nothing about the ten thousand witch doctors and other prophets that in the same week predicted things that did not and will not happen.

CUBA, FLORIDA BELIEVED SAFE FROM STORMS

Hurricane Course Veers Away From Maitland Of United States

(By Associated Press)
HAVANA, Sept. 5.—The hurricane which Wednesday almost destroyed the city of Santo Domingo veered somewhat northward today in its course. In view of the changed direction Belen observatory officials said they believed there was no danger of the storm reaching Florida or even Cuba.

The Rev. Mariano Gutierrez Larza, director of the observatory, said the gale had lost much of its force in the mountainous regions of Haiti, and that neither Santiago de Cuba nor Baracoa showed any signs of disturbance.

With the change in direction of the hurricane, however, there was increased possibility that the Bahamas, particularly the southeastern section of the island group, might suffer heavily. One of the greatest relief problems ever to face the West Indies confronted officials of Cuba, Haiti and Porto Rico today.

Gov. Theodore Roosevelt, in San Juan, undertook a relief expedition from that city, calling into use the naval tug, Grebe, stationed in the Virgin Islands, and the steamship Catherine, which weathered the storm and arrived at the Porto Rican capital from Santo Domingo with the loss of only one mast.

DEMOCRATS TO NAME OFFICERS

Meeting Will Be Held in Memorial Building Tonight; Expect Candidates to Attend

Plans for active participation in political campaigning prior to the election November 4 will be formed at a gathering of Salem Democrats at the Memorial building tonight. George McArthur will preside at the meeting with Earl Beardmore acting secretary. Officers will be elected for the year.

Democratic candidates on the county ticket are expected to be present at the affair.

Visiting Board Condemns County Jail

PRESENT PRISON FIRE HAZARD TO THOSE CONFINED

Recommend New Jail
Be Built; Forty-Seven

COUNTY HOME IN EXCELLENT SHAPE

Fairmount Also Lauded
By Group After
Inspections

LISBON, Sept. 5.—Recommendations that immediate steps be taken towards the construction of a modern jail to replace the 31-year-old structure now used as the Columbiana county jail were filed in a report of the county visiting committee with the state department of welfare in Columbus today.

The report of the committee following visits to the county jail, home and Fairmount children's home in Alliance. Conditions at the county infirmary and children's home was approved in the committee's reports.

Jail Is Condemned
The report condemned the county jail as "unsanitary but in as good condition as it is possible to maintain a 31-year-old structure of its type." The plumbing in the jail was declared antiquated and inadequate.

"It is the opinion of the visiting committee that the time has arrived when the residents of Columbiana county should take steps to replace this old jail with a modern one," the report stated. "We consider the structure a fire trap."

The method of housing inmates at the jail was reviewed and the statements made that in case of fire it will prove impossible to rescue prisoners lodged in the basement.

The greater portion of inmates are quartered in the basement, the report declared. Twenty-six men were housed there on the day of the committee's visit, August 20. There are at present 47 inmates at the jail, 43 men and four women.

Home Declared Good
Buildings at the county home were declared sanitary with minor exceptions. The management is said to be efficient and capable.

As a result of the summer drouth, crops will be of less volume than in 1929. The year's crop consists of 175 tons of hay, 1092 bushels of wheat and 1387 bushels of oats. The stock is composed of 30 cows, 10 calves, 35 hogs and six horses. Receipts for sale of stock and crops for a seven months period totalled \$5,526.41.

The largest number of inmates present in years is quartered at the home at present. There are 127 inmates, 85 men and 42 women.

The Fairmount children's home was declared in excellent condition with 201 children housed there. Columbiana county has 85 children at the home.

The visiting board is composed of six men and women. Samuel W. Tidd, Columbiana; S. N. VanBlaricom, Salem township; Lee Deemer, Lisbon; Mrs. William Dunn, Salem; Mrs. Harvey McHenry, East Liverpool; and Miss Caroline Bower of Wellsville.

'Hero' Lands In Jail After Bursting Bomb

DENVER, COLO., Sept. 5.—The paths of glory led but to the city jail for 16-year-old Ned Meyer.

Meyer saved the family of his girl friend, Margaret Wegener, by extinguishing the fuse on an eight-stick dynamite bomb placed in her home.

The youth was removed from the role of hero and placed in a cell when, police said, he admitted lighting the bomb as well as extinguishing it.

"I did it because I wanted Margaret and her folks to think I was a hero," police quoted Meyer as saying.

"And he almost ruined my pansy bed," said Mrs. Wegener.

LEETONIA MEN FACE FEDERAL COURT CHARGE

Evasion Of Taxes Brings Indictment Against Company Officials

CLEVELAND, Sept. 5.—Indictments on charges of evading the federal income tax were returned by the federal grand jury against the Crescent Machine company of Leetonia here today.

Separate and similar indictments were returned against C. G. Wilderson, president of the company; R. G. Harrold, treasurer; and W. G. Bess, secretary.

The amount involved is \$9,587. Hearings on the case will be held in Cleveland starting September 15.

The charge against the Leetonia concern, it was declared this morning, has been pending for the past year in the federal court.

The Crescent Machine company has been operating with modern up-to-date equipment in the Columbiana county village and employs 125 men.

The officials indicted all reside in Leetonia. Judge Samuel W. West presided at the sessions, held yesterday in federal court here.

SALEM BANKER NAMED ON POST

Group Makes Choice In Meeting At Steubenville Thursday

Orville C. Hoover, cashier of the Farmers National bank, was elected a member of the Columbiana county executive committee at a meeting of Group Eight of the Ohio Bankers association at Steubenville Thursday.

More than 200 bankers of the Group Eight district attended the meeting. B. L. Flick, Farmers bank president, Hoover, and L. H. Colley and A. R. Stark, cashier and assistant cashier of the First National bank, represented Salem at the gathering.

Karl L. Webster, president of the Citizens bank here, was scheduled to preside at the meeting but was unable to be present because of illness. G. A. Graf of Alliance, secretary of the group, presided in his absence.

O. C. Gray, bank superintendent of Ohio; Edward A. Seiter, president of the state bankers association, and David A. Auch, secretary of the association, were speakers at the affair.

The meeting was an all-day affair and was held at Steubenville Country club grounds and clubhouse.

Wedding Bells Silent As Blow Misses Spot On Officer's Head

(By Associated Press)
CHICAGO, Sept. 5.—The chief of police of Midlothian, Mr. A. Terry, stubbed his toe, thereby doing himself a favor.

The chief had been chosen by Miss Lucyle Wilkinson, who spells it with a "Y" and her boy friend, Emil Keckner, as a nice man to rob. Lucyle and Emil's object was matrimony, but they were handicapped by lack of funds. Chief Terry was to supply the funds, whether he wanted to or not.

They went to him yesterday saying the body of a man was lying in a field on the outskirts. The chief leaped into his motorcar with them and they went to the field. While the officer was gazing around for the body, he stumbled and fell, which was fortunate, for just at that moment he was in a fair way of being bashed on the skull by Emil. The blow was grazing and Emil ran away, forgetting for the time being the purpose of attack, which was matrimony.

COSTE, BELLONTE PLAN TOUR OVER UNITED STATES

Will Follow Good-Will
Path Blazed By Col.
Charles Lindbergh

(By Associated Press)

DALLAS, TEX., Sept. 5.—Capt. Dieudonne Coste and Maurice Bellonte, French air voyageurs, pointed their scarlet sesquiplane, the Question Mark, toward Louisville, Ky., today, after completing a one-stop Paris-New York-Dallas flight yesterday.

The travel-weary Frenchmen, who started their historic ocean-spanning flight at LeBouquet field, Paris, Monday, said they would stop overnight at Louisville, continuing Saturday to New York to be in the east for a weekend luncheon engagement with President Hoover.

To Tour United States
Rene Racover business manager for the fliers said they would begin shortly a tour of the United States gesture of good will from France to America. The route, he said, would be the same good will trail blazed by Colonel Lindbergh.

The flight from New York to Dallas, ended yesterday at 5:20:45 p. m., after 11 hours and 34 minutes in the air, made the French Atlantic conquerers eligible for a purse of \$25,000 offered by Col. William E. Easterwood, Dallas millionaire.

Colonel Easterwood in a long distance telephone conversation with the Dallas Morning News said he was flying from London to Paris immediately to make arrangements with the French air ministry for presentation of the purse, either in Paris, New York, or Dallas.

When the scarlet plane flashed into view yesterday and came to rest after circling Love field, police and national guardsmen were powerless to restrain the cheering, milling thousands who pressed forward to hail the heroes, after hours of waiting.

Throng Goes Wild
Rifles, clubs and mounts of guardsmen formed a barrier inadequate to curb the throng. Finally the fliers made their way to the administration building where they spoke a few words into a microphone, while guards continued to oppose the crowd.

Later Coste and Bellonte, sitting on the folded top of an automobile smiled and waved at banks of cheering spectators as they paraded through the city.

Quartered in Colonel Easterwood's personal suite, the French airmen prepared for a banquet with police guarding their doors.

In a short interview Captain Coste said the success of his flight was due to preparation.

The airmen were pleased to learn that the Question Mark was undamaged by the melee at Love field.

PEACE OBJECT OF YEARLY MEETING

Seek To Eliminate Military Work
In Land Grant Colleges;
Meeting Adjourns

That the Ohio Yearly meeting of Wilbur Friends is working to abolish military training in land grant colleges, was brought out in a report of the executive committee at the meeting, which closed this week at Barnesville.

This organization has also been active along the lines of peace and is interested in prison reform work. Among those from Salem and vicinity who attended the meeting are:

Mr. and Mrs. C. S. French, Mr. and Mrs. E. F. Stratton, Mr. and Mrs. J. R. Stratton, Dr. W. J. Blackburn, Lida and Anna Blackburn and Miss Sarah J. French.

BLAST ENDS LIFE

Indicted on a charge of having murdered his wife, A. D. Payne, prominent attorney, ended his own life a few hours after pleading with jail officials to place him in solitary confinement, by exploding a vial of nitro-glycerine directly under his body. Mrs. Payne had died after a bomb, attached to the automobile owned by her husband, exploded. Three sticks of dynamite had been placed in the car's motor. The woman was killed instantly and their 14-year-old son injured seriously. Payne confessed to police he plotted the murder in order to gain possession of \$40,000 insurance his wife carried.

TOWNSHIP PLANS ON NEW SCHOOL

St. Clair Would Get Aid
From State In Project;
Choose Calcutta

LISBON, Sept. 5.—The state department of education has announced it will give St. Clair township \$12,500 for new school purposes, providing the township itself provides an additional \$60,000. The latter proposal will be voted on at the November election.

Over 75 per cent of the electors of St. Clair township have petitioned for the creation of a consolidated school building to be created at Calcutta, in order that five one-room schools and one two-room school could be abandoned.

It has also been proposed by the electors of the township to have a consolidated school of 12 rooms in which six elementary grades and a junior high school grade could be provided.

With additional improved roads having been completed in the township and two more to be surfaced this fall, Calcutta has been definitely chosen as proper location for the new consolidated school.

Many of the present schools in the township are overcrowded, there being 55 children enrolled in the Bloomfield school where the eighth grade is taught, and with only one teacher in charge.

The state department of education has made \$7,500 of its appropriation available during the current year and an additional \$5,000 available early in 1931.

"St. Clair township is one of the most rapidly growing townships in Columbiana county," it was declared today by County Superintendent of Schools H. C. Leonard, "and this has been made possible because of the opening of new improved highways in that township."

SANTO DOMINGO LIES IN RUINS; APPEAL FOR AID

90 Per Cent Of People
In City Homeless
After Storm

U. S. LEGATION
BADLY DAMAGED

Many More Will Die If
Medical Aid Is Not
Provided Soon

(By Associated Press)

WASHINGTON, Sept. 5.—Captain Antonio Silva, Red Cross official, today reported 1,000 persons killed, 2,500 persons injured, 4,600 homes destroyed, 200 homes damaged and 29,000 persons homeless as the result of the Caribbean hurricane in Santo Domingo city.

SANTO DOMINGO, Sept. 5.—An urgent appeal for help was sent from this city today as it counted the toll of the hurricane which swept across the republic Wednesday, taking an estimated 800 lives and leaving 90 per cent of this city's population homeless.

There is immediate need for food, clothing, medical supplies and temporary shelters, with untold suffering threatening the population unless supplies are received. Capping a climax of horrors the water supply has failed. Only a limited supply of fresh water is available.

More than half of the capital city is a shambles. Roofs were lifted off of buildings by the wind, which sometimes reached a velocity of more than 150 miles an hour.

American Legation Damaged
The American legation was unroofed and the building razed. The great bridge across the Ozama river was destroyed, and all buildings of the Pan American Airways were blown to pieces.

President Rafael Trujillo, in conference with Major Cary I. Crockett, representative of Gov. Theodore Roosevelt here from San Juan and with American minister, Charles B. Curtis, said that 200 of the city might reach even higher, with the remainder of the country yet to be heard from.

Major Crockett, radioed Gov. Roosevelt that the American minister with his staff and all Europeans were saved, but that three-quarters of the houses in the city were destroyed and that the entire city was badly damaged. Hundreds were injured.

Urgent Need For Aid
Major Crockett said there was an urgent need for physicians, medical supplies, tents, cots, blankets, clothing and 50,000 to 100,000 rations. Funds also are badly needed, he added.

Telegraph lines to the interior have vanished and the entire communications system of the republic has been disrupted, bridges wrecked and roads impassable. There has been virtually no word from the rest of the republic.

The hurricane struck Santo Domingo at 2 p. m. Wednesday, and blew at full force for four hours. Houses in the aristocratic quarter were destroyed along with those of less pretentious character. The insane asylum was destroyed and escaping inmates ran wild through the streets, adding to the disorder and confusion.

Soldiers and police finally captured them and restored a semblance of order. There were many robberies.

Visitors Expected To Attend Rally

Mrs. Nellie V. Heppert of Akron, regional director; Mrs. Catherine Schindler of Cleveland, district deputy, and Mrs. Myrtle Miller of Alliance, junior supervisor, are among the visitors expected in Salem for a district rally of the Women's Benefit association, which will be held Sept. 18, at the hall, North Broadway.

Plans for the rally were completed at a meeting of the Salem review Thursday evening at the hall.

THEY THOUGHT OF PEACE

One hundred and fifty-six years ago, September 5, 1774, the first continental congress met in Carpenter's hall, Philadelphia. All of the colonies were represented except Georgia. Fifty-five delegates representing a population of 2,300,000 were present. They went back to their homes on October 26, after a secret session of 51 days.

The delegates to that congress recognized the significance of their presence in a body assembled for the purpose of setting forth the claims of the colonists, but they did not believe at the time that revolution was to follow their meeting. Even when the second congress met in May of the following year their purpose still was only to obtain redress of grievances from Great Britain.

At the second congress, however, measures were taken to raise an army, and to procure arms and ammunition. Following the battle of Bunker Hill on June 17 the flame of revolution was fanned to maximum intensity and the Revolutionary war was under way.

The first continental congress, perhaps more than the signing of the declaration of independence, is a symbol of American principles. It was a brave and reasonable assembly, a deliberative group which hesitated to thrust war upon the colonists and chose rather to seek an understanding with Great Britain. As much as the declaration of independence it was a constructive step—a move in the dark to find better conditions. Later, when it became clear that no possibility of finding those better conditions existed, there was no longer uncertainty; it was war.

Americans are glad now that it was, but a great deal of respect is owing those gentlemen who thought first of peace when they met 156 years ago.

LOUISIANA'S DILEMMA

The newspapers and editorial correspondents of Louisiana, without known exception, agree that several things will be at stake when voters in their state visit the polls September 9.

One is the political strife of Huey P. Long, state governor. Another is the pride of Louisiana, which Governor Long wishes to represent in the United States senate. So universal is agreement on these points, as far as can be ascertained, that one wonders why Governor Long's political opponents are worried, but worried they are beyond a doubt.

Eventually there are many Louisiana voters whose characters and education do not assure their voting for a candidate whom the Louisiana press believes more honorable than Governor Long.

That candidate is Senator Joseph E. Ransdell, 72 years old, bearded, dignified, conservative—a safe and sane gentleman of the old school who never gets into trouble and has been heard of but infrequently in his three decades of service in congress.

In contrast, Governor Long, whose age is half that of the man whom he would replace in the senate, has a penchant for doing hare-brained things that land him on the front page. One-time patent medicine salesman, traveling printer and lawyer, he has risen rapidly but not without a vast deal of friction.

He has been accused of various things, such as bribery and trying to get someone to murder his political opponent, but the charges didn't stick. In the present campaign he is running true to form, according to reports from Louisiana. His speeches are described mildly, perhaps, as vituperative.

It is a depressing spectacle—a fitting climax to two years of questionable government under Governor Long's administration. There is

no doubt but that the best thought of the state seeks to rid Louisiana of a tyrant Sept. 9.

The votes which the tyrant is able to line up by one means and another may block them, however.

Partisan interest in the struggle is not limited to Louisiana. That state's reluctance to be represented in the senate by its present governor is multiplied 47 times in national consideration. The United States senate needs no Huey P. Long to muddle further the legislative stream. Even if he were less an imposter than the Louisiana press says he is, citizens in other states would object at seeing him go to Washington as anything but a visitor.

What Others Say

The American Lutheran Church, a merger of several synods, including the Ohio Synod, is not to discuss the prohibition question at its convention next month in Toledo. It seems a little odd that such an announcement can be made in advance of a meeting, where, as most meetings go, most anything is liable to happen. The Lutherans, however, are able to make such a forecast with reasonable certainty because of their original inherent and abiding doctrine of the separation of state and church.

The church recognizes temperance as a moral issue, prohibition being viewed as a political issue. The church is supremely interested in the cultivation of temperance as a fundamental Christian virtue. It is the belief of the church that its work is the regeneration of the heart of man, rather than the enforcement of state-made legislation, and it is convinced that, until man is inwardly transformed, no amount of legislation can produce real social reforms.

A Christian church, with an inspiring history of service for God and man, make public its determination to hold fast to the preaching and teaching of religion for the betterment of man, declaring that to be its real service, rather than a campaign on a question that is and will continue to be a political issue. That shows clear thought and fine courage. Let us have all the political campaigns that may be necessary, but let these contents be kept apart from the Christian church. The work of the church looks toward the development of a finer citizenship. That task has an importance that merits the full force of the church to carry it forward.—The Ohio State Journal.

EXPENSE ACCOUNTS

The matter having come formally to his attention, President Hoover could scarcely do otherwise than tell American diplomats and consuls that they must not purchase intoxicants with government expense allowance funds. In view of the presence of the eighteenth amendment in the constitution any other attitude would be incongruous.

But in the case of diplomats at least, the executive ruling is not likely to have very much practical effect, since the salaries and allowances most of the ambassadors and ministers receive are sufficient to meet only a part of the unavoidable expense of maintaining their positions in the countries to which they are accredited, and whether they use government funds or their own private money in entertaining guests with "good cheer" is chiefly a matter of bookkeeping.

So far as the purchase of liquor with personal funds is concerned, the department of state follows a ruling by Mr. Hughes that "if such purchase is legal in a country to which a diplomat is accredited, the department is not going to interfere." Which is the only practical position to take.—Detroit Free Press.

Twenty Years Ago

Youngstown—More than 20,000 people attended the picnic at Southern park Monday when Rev. Billy Sunday, evangelist, renewed his acquaintance with thousands of converts who were made at his revival meeting last winter.

Thousands of people attended the Alliance Labor day celebration. More than 1,000 Salem people attended the affair.

Ashland, O.—George M. Roti of this city, is planning the construction of an airship, which will be the largest ever constructed. The proposed ship will carry more passengers than the famous Zeppelin airship, but it will be smaller and safer according to the inventor.

Surrounded by their children and grandchildren, Mr. and Mrs. Joseph Haldeman of Damascus, celebrated the 60th anniversary of their wedding day at their home. Some 50 rural mail carriers, with their families, of Columbiana, Stark and Mahoning counties, gathered at the home of Mr. Haldeman on Labor day for their first joint picnic.

C. H. Betts, Main street, left Monday for Columbus, where he will spend the remainder of the week and attend the state fair.

HEALTH

By Dr. Royal S. Copeland

How To Keep Youth

There isn't the slightest doubt that the average person can add many years to his length of life. He can make his life long, happy and effective if he will keep a youthful mind and body.

But, you say, how can one keep body and mind young?

What a man eats, how he works and plays, the amount and kind of exercise he takes daily, and his mental attitude—all these bear on good health. They promote long life.

I have been much interested in hearing of the life of a certain judge in Ohio. At 78 years of age he is still on the bench. He says he never feels physically tired. I believe his story would interest my readers.

Judge Webster says he is not a pessimist. He must be an optimist, although he does not boast of that. Probably his mental attitude is the really great secret of his long life.

The judge is now engaged in writing three books so he rises at 5 and works at his typewriter for two hours. Then a little outdoor exercise in his yard and a bath follows after which he has a breakfast.

He walks to and from his work and spends a busy morning and afternoon at the courthouse. His sight and hearing are excellent and he wags with an alert step.

He began drinking buttermilk 20 years ago. He drinks two glasses of buttermilk every day and eats little meat. He eats no bolted flour, but lots of apples and other fruit.

This man at 78 believes that the quality of sleep he enjoys has much to do with his good health. He usually goes to bed at 10 and sleeps like a child.

These are splendid rules for living. A wide and humanitarian interest in life, right mental attitude, wholesome living, all these things make life worth living.

If you haven't a religion have a good philosophy. Some people call the spiritual and mental attitude one thing and some another.

Enough emphasis cannot be placed to health. Bad health has mentally depressing effects. Overfatigue, overeating, constipation, living in contaminated air, lack of physical exercise, insufficient sleep—all these lower the vitality and the resistance to disease.

Good health has an effect the very reverse of this. Given good health, right thinking and doing, the consciousness of physical strength and endurance—there is no end to the things one can accomplish in life. With a keen interest in life and human kindness for your fellow man, contentment of mind is sure to follow.

Keep young in thought and action. Map out your life. Have a time for everything and do everything on time to make your health what it should be. Then you will get the most out of life.

OUR READERS

A REALIZATION

Editor: The News:

As I was down at Guilford on Labor day I noticed that the recently erected gate at the outlet pipe had been let down, and now the lake is in the making at last. For another month there will be a considerable body of water, no doubt, and when the rainy season is here it will not be long before it comes up to the expected level. We were told, however, some time ago, by those gentlemen who were turning around to obtain opportunities for more land, that our state officials had promised to let us work on that as soon as these new options were O. K. In this they have failed or else it was just talk to make it sound more interesting, and a little more easy to reach their purpose, in which they almost entirely succeeded, but not all together however. We will have to be satisfied for the present and comfort ourselves that in the sweet by and bye if we live long enough, we will not only see the lake completed, but also the park part. Lots of work can be done, let us say, in the next 20 years.

It took about 12 years to obtain this lake, which is not bad, considering the amount of water there will be in it. We are hoping to have some dandy skating down here next winter, anyway.

The Stars Say

For Saturday, September 6

While the strong position of the planet Venus may turn the energies and activities into domestic affectional artistic and social channels on this day more prosaic interests may be said to be under a very adverse and complicated dominion. All phases of enterprise, finance, trading letters, etc., are under a condition that must be read as inimical to progress or satisfaction. It would be well to defer as much as possible until a more propitious reign of the planets.

These whose birthday it is are on the eve of a year in which the purely personal interests and activities should engage the attention, as other matters are under an adverse and unpromising planetary rulership. It would be wise to postpone new ventures and to safeguard present interests and the finances.

A child born on this day may be gracious, socially inclined and popular, but outside of practical affairs relating to these proclivities may find it difficult to make large success of its enterprises.

NEW YORK Day by Day

by O.O. McIntyre

NEW YORK, Sept. 5—Thoughts while strolling. The historic Garlick goes "burlesque." Shades of Mansfield and Modjeska! Who remembers when all Chids' looked alike. Fragrant odors from Italian cafes—suggesting black olives, salmon, antipasto and curried red peppers. Yum, yum!

Gene Fowler, a Denver, Col. boy who made good in the city. Never saw a fat head waiter. Arthur Hamenstein wears blue collars, too. Those Turkish towel bath robes get a play.

A socialist lecture bureau. Earl Carroll's young brother Norman who manages Earl's affairs. A saddle shop selling out—the auto, hooray, has come to stay. Perfume—"to fit one's astral personality." Jack Kennedy, the restaurant keeper. Brilliant finger tips and lips but dull minds. Spooky tea rooms in black and orange and a candle glow. With fortune telling booths.

High nosed ladies who attend noonday lectures and listen to talk

of the abstract, concrete and higher things. Tullio Carminata, the actor, no worse for his slipping. Non-fattening candy. Still crowding the photomaton parlors—sophisticated old Broadway.

The fellow who poses as Alfred Lunt. Bugs Baer in front of Friars Sea food cafe windows of crawling things. The Casino theater site now has a high building. On its stage the Floradora sextette became famous. And "Ermie" made its record run. Herb Roth's hippo shoulders.

Herald Square, once a high spot, now sedate. The group that clogs about the fire under little tar wagons. Carlo Tressa, the anarchist. Whose name somehow fits him. Gymnasium schools with outside barkers. Seedy salesmen of 10-cent song books—One the image of Roger Wolfe Kahn.

He-man luncheon places in West 30th. Where left workers go. And idle in front afterward, puffing black cigars. Yiddish noonday extra—headlining Soviet news from Moscow. White bearded patriarchy. Rosy cheeked Jewish girls. Bolshevik Boulevard!

London is paragonized for its country inn names. I cull these from memory among those around New York and present them with a modest bow: The Old Lyme Tavern, Deer Cove Inn, Yama Farms,

Briarcliff Lodge, Stage Coach Stop, Simsbury Manor, Greylock Moors, The Gramatan, Lake Mohonk, Mountain House, Lord Jeffrey and that beautiful trail to the Port of Missing Men.

I stopped at Lafayette and Canal for a shine at "Sik Hat Tony's". Despite the inferno of heat Tony, in tail coat and silk hat, carried on all summer. A magazine recently flushed him out for publicity and Tony had to put on

helpers also clad in high hats and tails. If business keeps up he will open a chain of "Sik Hat Tony" parlors soon. His costume grew out of an election wager and attracted so much attention he kept wearing it. Tony rattles off a list of distinguished patrons and while a good shiner, seemed to me a little weak around the heels.

The ghosts of horse car lines remain on several down town streets. The lines were abandoned but it was cheaper to leave the rails standing in double scars, a memento of a fading generation.

In a health magazine office they practice what they preach. At certain hours, a gong sounds and workers jump from desks to go through exercises. You almost ex-

pect a smutty joke and a black-out. A 42d street newsdealer surprises new customers by handing them the paper they desire before it is named. A simple trick. He watches their eyes. In every instance the gaze lingers on the paper they want.

I feel masterful this evening. In my eyes shines a mocking titan. Quietly but in a forceful way I convinced a Schrafft waitress, the establishment's culinary department could supply Ham Hawaiian, a dish of the house not on the menu. There were whispered conferrals among departmental heads, red dispatching of messengers through swinging doors but it was procured. Ham Hawaiian is a slice of fried ham and a slice of canned pineapple. Had it been grown male waiter, instead of such long-winded arguing, he would have received a fat whack in the mush. I'm still pretty mad. (Copyright, 1936, Menasha Syndicate, Inc.)

FEDERAL CHARGE LODGED AGAINST TWO CANTON MEN

New Indictments Follow
Others; Old Charges
Are Withdrawn

(By Associated Press)
CLEVELAND, Sept. 5. — Two new indictments today hung over E. E. Curtis, former safety director of Canton, and Arthur B. Drukenbrod, former Canton councilman, as a fresh move in the government's fight against an elaborate liquor protection ring alleged to have existed in that city prior to the present administration.

The new indictments were returned by the federal grand jury late yesterday. A total of 65 true bills were returned, naming among others Leo Lasar, former self-styled Akron "corn sugar king," and Joseph C. Sauter, former auditor of the Union Savings and Trust company at Warren.

Curtis and Drukenbrod were indicted on charges of conspiracy by accepting regular payments for protection to liquor law violators. They previously were indicted with four others, but United States District Attorney Wilfred J. Mahon asked the second indictments on new evidence uncovered by federal agents.

The government's case against Curtis and Drukenbrod will be based on the new indictments and the original ones dropped, Mahon said.

The fresh charges are that between January 7, 1929, and September 30, 1929, Curtis received \$1,900 in regular sums of \$50 for protecting "speakeasy" operators. Drukenbrod is alleged to have accepted \$4,810 between March 19, 1928, and March 28, 1928.

Curtis, a brother of former Mayor C. C. Curtis, and Drukenbrod, a tailor, were indicted last spring with Ellis Darany, a former police sergeant; "Big John" Gust and Mike Smith, confectionery store operators; and John Couris, restaurant operator. Together they were alleged to have received \$11,000 in protection money. The former indictments against Darany, Gust, Smith and Couris, will stand, Mahon said. All are at liberty under \$5,000 bond.

foolish thing."
"If the flight across the ocean had been made in a sea-plane something would have been accomplished for aviation."

SOMETHING IS ACCOMPLISHED by any kind of flight across the ocean. Captain Hawks some day will wonder why he ever believed a sea plane would be necessary for ocean crossings. Men don't put wheels on ships to enable them to run on land, because they don't expect them to run on land. And they will not put hulls for water landing on transatlantic planes because they won't expect the airplanes to land on the water. A hundred different kinds of little birds, migrating, cross the oceans every year. They could not swim or survive if they should alight on the water. They don't light on the water. And what small birds can do, men will do.

WASHINGTON REPORTS that President Hoover will extend considerably the plans for his coming speech-making tour. His desire is to help Republican candidates in the house and senate. Some of them will need help.
Many things worry the Republicans that were not expected to worry them in the gay boom times of November 1928. First, the drop, temporarily, in our gigantic prosperity; second, unemployment; and third, what is described as "the growing hostility to prohibition."

The third worry would not have been expected two years ago, when republicans announced that prohibition enthusiasm accounted for Mr. Hoover's gigantic vote.

Those that opposed the tariff will greet with "I told you so" the news that Uncle Sam's customs receipts in the last two months have fallen off more than fifty million dollars, compared with a year ago, or about one half. However, nobody can prove how much the higher tariff has to do with it, how much of the drop comes from bad business, and how much from the fact that importers rushed in supplies of goods ahead of the new tariff.

The speaking in perpetual hyperbole is comely in nothing but in love—Bacon.

Alimony Comes Hard After Many Wives Place In Bids

(By Associated Press)
CHICAGO, Sept. 5. — The ninth wife of Paul Ellis wants her \$113 back alimony.

It is not definite that it is the ninth wife. Ellis himself expressed the opinion that the action for back alimony was the work of Rose Ellis. Mrs. Ellis thought it more likely was Sarah Ellis out in Chicago Heights. She did not believe there was a ninth ex-wife, because she said her husband had told her she herself was number nine.

Ellis said it was quite possible

he had miscounted. The number didn't matter much, anyway. The important thing was that a former Mrs. Ellis was demanding \$113 back alimony.

Ellis told Judge Finnegan that although he now has only the task of supporting seven of the 19 children born of his several matrimonial excursions, none-the-less even that comparatively modest number takes most of his money, making the payment of alimony something to worry about.

The court gave him until today to see what could be done about it.

SLAYER OF MANY PAYS WITH LIFE

Convict Stated That He
Had Killed 22 In
Career Of Crime

(By Associated Press)
LEAVENWORTH, KAN., Sept. 5. — Carl Panzran, self-declared slayer of 22 persons, was hanged at the federal prison early today for the murder of R. G. Warnke, civilian laundry foreman at the penitentiary where Panzran was serving a sentence for burglary imposed by a District of Columbia court.

President Hoover last night denied a plea for clemency.
The slayer was pronounced dead at 6:19 a. m.
Jeering the crowd as he walked to the gallows, Panzran noted two chaplains present. He asked the warden that they be removed. The chaplains left in accordance with his will.

Panzran, serving his sixth prison sentence, struck down the laundry foreman with a heavy iron bar. June 19, 1929, in a frenzy of rage.

The hanging was the first legal execution in Kansas since 1870, with the exception of that of a federal prisoner at Wichita in 1888. The Kansas law provides capital punishment only for treason. Panzran, however, was prosecuted under federal statutes, his crime having been committed on federal property.

Before his trial for murder at Topeka, Kans., the prisoner wrote a letter to the trial judge demanding justice which he described as "that I be found guilty of murder in the first degree and sentenced to die." Panzran was pronounced sane by a sanity board before which he boasted of committing 22 murders. He identified one of his victims as George Henry McMahon, of Salem, Massachusetts.

LONDON BLAZE INFLECTS LOSS OF \$5,000,000

Two Thousand Driven Out
Of Homes By Fire In
East End District

LONDON, Sept. 5. — London's largest fire in many years, that which swept through a section of Wapping, east end district yesterday, has left in its wake damage estimated at full \$5,000,000.

About 2,000 persons who were driven out of their homes today sought shelter in what was left of their dwellings or neighboring quarters.

London was amazed at the immensity of the fire fighting facilities mobilized for the conflagration, seeing for the first time the crews of 75 fire companies in action handling ten miles of hose.

One of the most serious obstacles was formed by a veritable rain of coals from a six story warehouse. The beams flung the streets and firemen floundered ankle deep in the slippery mess.

Instalment Plan Sentences Taboo

DENVER, Colo., Sept. 5.—Be practice what you may in all else from alimony to zithers, justice will not be dispensed upon the instalment plan.

So ruled Judge George T. McDermott in the United States circuit court of appeals reviewing the case of David Pearlman.

Pearlman, a federal prisoner, was released against his will before the expiration of his term. Two years later he was arrested and re-committed as an "escaped prisoner."

Sustaining a writ of habeas corpus granted Pearlman, Judge McDermott declared a prisoner could not be forced to serve a sentence "on instalments."

School Memories Form Grange Topic

"Memories of my first day in school" was the roll call response at a meeting of Salem Grange Thursday evening at the hall, Depot road.

Price Cope arranged the program and was in charge of it at the meeting.

Violin and guitar selections were given by Herbert Smith and Paul Coy.

Willis Zimmerman and Ellis Satterthwaite gave talks on "In your occupation as a farmer what education, if any, would you advise beyond that provided by the public schools?"

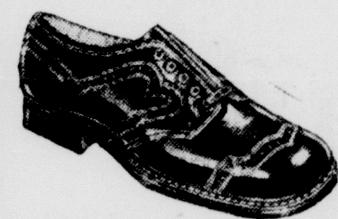

The same question from the viewpoint of a farmer's wife or daughter was discussed by Mrs. Herbert Zimmerman and Mrs. Fletcher Glass.

The next session of this grange will be on Sept. 19. On Sept. 18 the members plan to go to Butler grange at which time the travelling gavel will be presented. Butler grange by Hillview grange.

NEW OPPOSITION FOR REPUBLICAN

Woman Enters Contest Against Mrs.
McCormick in Race for
Senatorial Toga

CHICAGO, Sept. 5.—The feminine
feud of Illinois politics today was
assuming proportions of a national
precedent.

With Mrs. Lottie Holman O'Neill
entered as an independent candidate
for the United States senate, oppos-
ing Congresswoman Ruth Hanna
McCormick, Republican, and James
Hamilton Lewis, Democrat, the first
picture of two women contesting
with a man for high office is painted
into national history.

Mrs. O'Neill predicated her candi-
dacy on what she termed the dis-
satisfaction of "the dry people of
Illinois with the declaration of the
Republican state convention" on
prohibition. The declaration bound
the party candidate, Mrs. McCorn-
ick, to abide by the decision of
the voters in the wet and dry refer-
endum to be taken in November.

Mrs. O'Neill, Illinois' first woman
legislator, has heretofore sought of-
fice as a Republican. She long has
been a militant prohibitionist.

Former Senator Lewis has an-
nounced he will campaign as a can-
didate for repeal and modification
of prohibition laws.

Today's Pattern

2011

Carefully designed frocks will slendelize any figure, and the model presented today includes features just for this purpose. The bodice diagonal closing with its slender reverse, the front skirt panel created by clever placing of side flares, and the extremely smart puffed sleeves snugly fitted at the wrists are subtle details to render a slim appearance.

Pattern 2011 may be developed in printed or plain material—flat or cretonne crepe dull satin, chiffon velvet, georgette or marocain. If a print is chosen, be sure the design is very small and on a dark ground. The outstanding fall colors are black, brown, dark green, navy blue and wine.

May be obtained only in sizes 36, 38, 40, 42 and 44. Size 36 requires 5 1/2 yards of 39-inch material.

BUENOS AIRES RIOTING SCENE

Precautions Taken With Hopes Of Preventing Further Disorders

BUENOS AIRES, ARGENTINA, Sept. 5.—Guards were strengthened about the central police department early today and every precaution taken to prevent continuation of disorders which during the last 24 hours have cost two lives and caused serious fighting in the streets of Buenos Aires.

Strong platoons of heavily armed officers have been placed at street corners. Many alcohol lamps have been distributed through the building, indicating fear that the electric power would be cut off.

The war minister, accompanied by General Marcellini, arrived at headquarters a few minutes after midnight for a conference with the chief of police.

Similar precautions were taken at government house, before which the police halted all traffic. Squadrons of mounted police were patrolling the principal thoroughfares of the city at daybreak.

Buenos Aires was quiet.

SHERIFF HALTS PRISON ESCAPE

Steubenville Scene of Attempted Break; Sheriff Expected Trouble for Time

STEUBENVILLE, Sept. 5.—Plans for a wholesale jail delivery here were frustrated by Sheriff William Yost and deputies this morning when several saved bars were found in the bullpen of the county jail. All the prisoners remained in locked cells until they gave up the implements used in the attempted break.

Sixty prisoners, including seven women and two juveniles, far more than the capacity of the jail, are confined in the institution at the present time.

The sheriff believes that 12 men were implicated in the plot to escape. He had been suspicious of trouble brewing for some time and had kept a night guard on duty outside the jail each night for the past two weeks.

Wellsville Rejects Use Of Water Meters

WELLSVILLE, Sept. 5.—City council last night, by a vote of four to three, rejected a resolution for submission of a proposed \$25,000 bond issue for water meters, at the November 4 election.

The lawmakers failed to consider two resolutions authorizing votes on two proposed bond issues for a filtration plant and new reservoir, as a means of coping with a threatened water shortage.

State health board officials had charged an unnecessary waste of water and recommended a meter system as a solution.

MURDER HEARING TO CLOSE TODAY

Defendant Pleads Self Defense To Charge At Batavia

BATAVIA, O., Sept. 5.—The trial of Bird Harp, who is charged with first degree murder in the connection with the fatal shooting of his friend, Fred Swenson, of Goshen, Ohio, July 6, 1928, was expected to be brought to a close in Clermont county common pleas court here today.

The trial was opened yesterday morning. The jurors were selected in record time they visited the scene of the slaying and both the state and the defense had rested their cases by 3 o'clock in the afternoon.

Harp admitted to the witness stand yesterday that he shot Swenson in self defense after the latter had attacked him with a pitch fork. The argument he said was the culmination of an all-day drinking party at his home.

The state is asking that Harp be sentenced to die in the electric chair for the murder.

COUNTY ROADS TO BE SLAGGED

Contract Let for Hauling from Plant to Scene of Highway Work

CALCUTTA, Sept. 5.—Township trustees have awarded Clark T. Deem of East Liverpool the contract for hauling slag from Midland, Pa., to spread over two recently graded roads in St. Clair township.

The first to be slagged immediately will be the Bell School house road from the East Liverpool-Youngstown road at Cannons Hill to tap the Sprucevale-Clarkson road and also the Clarkson-Calcutta road.

The township trustees will buy the slag and spread it on the slag costing the township 90 cents per ton f. o. b. shipping point. Hauling will be 88 cents and \$1.04 per ton, according to the road.

As soon as contracts can be signed, the hauling and spreading of the slag will start.

BANDIT FORCES FLEE IN CHINA

Government Attacks Said To Result In Victory; 10,000 Killed

SHANGHAI, CHINA, Sept. 5.—Combined attack of government armored trains, planes and gunboats on Communist and bandit forces near Changsha was announced today by Nationalist military headquarters.

The announcement said 10,000 of the forces menacing Changsha had been killed and the rest fled south-eastward.

Military headquarters simultaneously claimed that the armies of Gen. Feng Yu-Hsiang, who has been co-leader of the rebel government set up at Peiping, was withdrawing northward along a wide front.

Feng was said to be evacuating the Lunghai, Peiping and Hankow railway fronts, while the government forces were advancing northward as well as defeating the Communist and bandit forces at Changsha, to the south.

The government announcement said troops opposing the bandit forces, which had returned in an effort to re-capture the Hunan capital, were aided by aviators who flew over and bombed the enemy. Armored trains were employed to advance government forces and gunboats laid down a heavy barrage.

Interior Department Suggests More Work

WASHINGTON, Sept. 5.—The interior department which surveyed, mapped and sold an empire, seems to be working itself out of a job.

Its head, Secretary Wilbur, has expressed the opinion the department should have more work to do and today John H. Edwards, acting secretary, said the national park service was the "only growing bureau" under its jurisdiction.

Edwards explained the other bureaus have no room for further development. Each is engaged in a fixed task. When that is completed, nothing is in sight to take its place. The day when the general land office had for distribution hundreds of thousands of fertile acres is gone. They are farms, towns and cities now. The cream of the reclamation's service work has been done and the vast area west of the Ohio river is disposed of save for a few patches of desert and rocks.

SHORTAGE FOUND IN TOLEDO FUND

City Treasury Official Admits Using Bonds For Personal Use

TOLEDO, O., Sept. 5.—A safety deposit box containing the city's trust and endowment funds was to be opened today by Mayor W. T. Jackson and other city officials to determine the extent of an admitted shortage by Henry M. Ryan, commissioner of the city treasury.

While Ryan who is under arrest at police headquarters on a charge of suspicion, has refused to reveal the amount of the shortage, reports at the safety building were that it would be between \$15,000 and \$20,000.

Questioned last night by Mayor Jackson, Finance Director Earle L. Peters, Law Director Martin S. Fadd and Roy Seifield, secretary of the police department, Ryan told conflicting stories of his handling of the funds, then finally admitted he had used bonds in the funds as collateral in negotiating personal loans.

He said he was unable to estimate the amount of bonds thus used and that the keys to the safety deposit box in which the funds are kept, were at his home.

Seifield was assigned by the mayor to visit Ryan's home and obtain the key that the safety box might be opened today and a thorough check made to determine how many bonds were missing.

INDIAN TROUBLE FLARING AGAIN

British Arrest Leaders After Raids On Salt Beds

BOMBAY, Sept. 5.—Indian troubles began with renewed vigor today when the Indian congress committee inaugurated "Gandhi week" by staging a salt manufacturing demonstration in defiance of British authority.

A large force of police broke up the illegal demonstration and arrested its leaders.

The new Nationalist activity followed on the heels of information reaching here that Mahatma Gandhi, leader of the Indian independence movement, had definitely rejected all proposals of peace and cessation of his civil disobedience campaign. The formal statement was believed, will be published to day.

Concrete Roads Afford Traffic Safety

YOU know that feeling of comfort and security that is experienced in driving over concrete roads.

Why not build safe, durable roads of concrete—reduce the "smash-up tax" on your car or truck, as well as the annual repair and rebuilding expense of less permanent types of roads.

Highway accidents are always costly. Concrete roads are safest against skidding and help to "take the danger out of driving".

DRY QUESTION IN CONFERENCE

Methodists Advised To Support Candidates On Qualifications

OXFORD, Sept. 5.—The annual Ohio conference of the Methodist Episcopal church reached one of its most important sessions today as delegates began consideration of church policies.

The deliberations were expected to lead up to the prohibition question tomorrow.

The liquor question was brought up last night in an address by President G. Bromley Oxnam, of Depauw university, who took the stand that it is not enough to support a candidate for public office merely because he is dry.

A wet candidate may be preferable to a prohibition enforcement advocate if he is better qualified otherwise, Dr. Oxnam asserted. "It is not right to back the anti-saloon candidate if his only qualification is that he is a dry," he said.

Trial of Russell H. Brady, former pastor of the Methodist Trinity church at Cincinnati, was under way today. He is charged with misappropriation of funds. The Rev. S. R. Durham, Oxford, acted as prosecutor.

The conference relations committee permitted F. E. Reddick, former pastor at Hunteville, to surrender his credentials and to withdraw from the ministry under complaint. He recently was arrested on charges of blackmail.

LEETONIA

Mrs. Raymond Baker entertained club associates at her home, Wednesday afternoon. Two tables of five hundred were in play. Mrs. A. E. Crider won high score; Mrs. Charles Longenecker, low, and Mrs. Lester Redfoot, the guest prize.

Mr. and Mrs. Roy Waddell visited Mr. and Mrs. Fred Sheen at Salem, Tuesday evening.

Prof. and Mrs. Bruce Baxter returned to their home at Los Angeles, Wednesday, after several weeks' visit with Mrs. Baxter's parents, Mr. and Mrs. E. E. Harold.

Mr. and Mrs. E. R. Simpson, and son, Billy, of Youngstown, were guests Wednesday evening of Mr. and Mrs. Ray Miller.

Mr. and Mrs. Myron Hileman and daughter, Miss Alta, were Cleveland visitors Tuesday.

Elmer J. Riehl and John Wistler, were Painesville business callers, Tuesday.

Mrs. James Waddell was an East Liverpool business caller Wednesday.

Mrs. P. J. Wren visited her parents, Mr. and Mrs. Daniel McGough at Youngstown, Tuesday.

Mr. and Mrs. Russell Meyers and Mrs. Elizabeth Meyers were recent guests of Mrs. Meyer's son, Harry Meyers and family, at New Philadelphia.

Mr. and Mrs. Paul Semple and Mr. and Mrs. William Floding have returned home after several days at Ceneaut Lake.

Kidney and Liver Disorders Conquered By Owa-Ton-Na

"I Now Feel Fine, Can Sleep Well, My Nerves Are
Once Again Normal," Says Canton Resident

Mrs. Fred Smith, 401 4th St., S. V. Canton, Ohio tells of the benefits she has had from the use of Owa-Ton-Na. She says: "My condition was getting worse until I got to the point where I hardly knew what to do. Time after time I had tried medicines, treatments and everything else that was recommended to me but without results. My stomach was nothing but a gas bag at times. Food of any kind caused trouble. Sour, belching of fluid often resulted from this condition."

"This fine old Indian remedy was just the medicine I had been looking for. Had I found it long ago I would have saved myself a lot of suffering. My stomach now acts fine. I can eat anything I want without distress. No more gas and bloating spells. Headaches and backaches are a thing of the past. My kidneys are acting normally and once again my bowels act regularly. No more getting up nights and after a good night's sleep I feel refreshed with new pep and energy. My nerve, which were in terrible condition now cause me no trouble and I want to say that Owa-Ton-Na has done a great deal more than I expected. I cannot recommend it too

MRS. FRED SMITH

highly for it certainly does all that is claimed for it."

Why suffer from these conditions which cause so much misery? Owa-Ton-Na has proved its merits in thousands of cases of kidney, liver, stomach and bowels disorders, rheumatism, neuritis, nervousness and a general run down condition of health. Sold in Salem at the J. H. Lease Co. Three Stores.—Adv.

Columbus Police Station Robbed

COLUMBUS, Sept. 5.—A property clerk at the central police station here, Freeman Smith, was under suspension today following the discovery that \$2100 worth of jewels and \$332.40 in cash is missing from the station.

Smith, according to Police Chief Harry French, violated departmental rules when he placed the money and jewels in a vault instead of turning them over to the police secretary as he had been told to do. The suspended property clerk was

unable to explain how the loot, which consisted of jewels which were recovered from recent house robberies here and money which was confiscated in a local liquor raid, had disappeared.

MOVIES

"THE BIG POND"

At the State

France and America are liberally
represented in "The Big Pond,"
Paramount's comedy-drama with
music being shown at the State
theater tonight and tomorrow.

The star is Maurice Chevalier,
former idol of Paris, but now idol
of America. He plays the part of
an ambitious Frenchman who makes
good in an American chewing gum
factory. The leading lady is Claude-
ette Colbert, American stage and
screen favorite. She plays the role
of an American daughter of a wealthy
family who meets Chevalier while traveling
in Venice. Miss Colbert was born in
Paris and lived there until her early
teens when she came to New York.

"The Big Pond" was directed by
Hobart Henley, who directed "The
Lady Lies" and "Roadhouse Nights."
The original play upon which the
picture is based was written by
George Middleton and A. E. Thomas.

The screen continuity is the product
of Robert Presnell and Garret Fort.
The dialog was written by Preston
Sturges.

"The Big Pond" is Chevalier's
third American picture. It follows
his successes in "Innocents of Paris"
and "The Love Parade."

SAFETY IN NUMBERS

At The Grand

"Buddy" Rogers, that charming
young fellow who is the idol of
mothers, fathers, brothers, sisters,
wives, aunts and sweethearts,
worked his talking-screen alchemy
at the Grand theater in "Safety in
Numbers" is as close to amuse-
ment perfection as a talkie-single
could ever be. It has everything—
plus Mr. Rogers, who seems to
have more than that.

The plot and a cleverly-con-
ceived one it proved to be, deals
with the fortunes of a young heir
to wealth who is sent to New York
by his guardian uncle to be educated
in the ways of the wily world. The
teachers whom the uncle wisely
chose for this job are three gorge-
ous "Follies" girls.

The girls are pledged to re-
frain from vamping "Buddy," but
they can't help falling for him.
Neither can two other cuties whom
he meets in his spirited gallivant-
ing around Gotham. One day a
group from the "Follies" comes to
the girls' penthouse apartment to
rehearse a new song and dance
number. "Buddy" interrupts the
proceedings by proposing one he
wrote himself. The producer likes
it and buys it from "Buddy." Mean-
while "Buddy" has fallen hard
for one of his teachers. After a
series of amusing adventures in
which music and song play a big
part, "Buddy" wins the girl.

Weather Outlook

(By Associated Press)

COLUMBUS, Sept. 5.—Weather
outlook for the 24-hour period be-
ginning at 8 a. m. today:

The tropical disturbance has prac-
tically dissipated and disappeared
from the field of observation.

The air pressure continues rela-
tively high over the Atlantic states
and has increased over the northern
plain states. Between these two
areas is a long, shallow trough of
low pressure that extends from
western Ontario southwestward to
the Mexican border.

The further eastward drift of the
pressure areas during the next 36
hours will be favorable to rising
temperature with increasing cloudi-
ness in this vicinity this afternoon,
followed by showers tonight and
early Saturday morning, probably
clearing with a change to cooler by
the afternoon.

GRAND JURY TO OPEN ON MONDAY

New System of Calling Witnesses for
Case Will Be Put into
Effect

LISBON, Sept. 5.—Prosecuting At-
torney John E. Baucknecht today an-
nounced that a new rule would be
put into effect when the September
grand jury goes into session next
Monday in the calling of witnesses.

Hereafter, witnesses who are to
testify during a morning session will
be ordered to report at 9:30 o'clock,
and those who are to testify during
the afternoon will be ordered to re-
port in court at 1 o'clock.

By this plan, it is pointed out,
there will be no necessity for wit-
nesses to remain about the grand
jury ante-room during the entire
day.

Between 75 and 100 witnesses are
being called for the new grand jury,
subpoenas being served today. Over
30 cases will be investigated and the
jury will be in session three days.

More Than 50 Gridders Attend Football Camp At Dunn Eden

THE DAY In Sports

TAD JONES PICKS STARS
FANS VISIT GRID CAMP

Tad Jones, former football coach at Yale, provides much possibility for extensive discussion and debate in his list of 50 sport immortals he selected recently. His list is exceedingly interesting, especially to the football fan, from the fact that he names no modern day grid stars. Charles Paddock is selected in favor of George Simpson or Eddie Tolan in track and Harold "Red" Grange, who made ice famous by carrying it during summer vacations, is named in his grid selections. Charles "Chic" Harley, former Ohio State football star, is also omitted.

Here are his selections:

TRACK AND FIELD: Paavo Nurmi, Charles Paddock, Eric Krenz, Harlow Rothert, Hannes Kolehmainen, Dr. Otto Pelzer, James E. Meredith, Sabin W. Carr, D. G. A. Lowe, Matt McGrath.

FOOTBALL: — Frank Hinkey (Yale), Tom Shevlin (Yale) ends; Hamilton Fish (Harvard), tackle; John R. DeWitt (Princeton) and Truxton T. Hare (Pennsylvania); guards: George Gipp (Notre Dame), William Heston (Michigan), backs: Judge Heffelfinger (Yale), guard, Walter Eckersoll (Chicago), quarterback, James Thorpe (Carlisle), back, and Henry F. Schulte (Michigan), guard.

For baseball, Babe Ruth, Ty Cobb, Mickey Cochrane, Johnny Kling, Napoleon Lajoie, Honus Wagner, Johnny Collins, Walter Johnson, and Christy Mathewson are named. Cochrane being the only player of modern times selected.

Robert Tyre "Bobby" Jones and Walter Hagen are the only two golfers elected to the "immortal" ranks while in polo, Tommy Hitchcock and Devereux Milburn, are honored.

BOXING:—Jack Dempsey, Bob Fitzsimmons, heavyweights; Stanley Ketchel, middleweight; Joe Gans, lightweight; Benny Leonard, light-weight.

TENNIS:—William T. Tilden, Henry Cochet, Mrs. Helen Wills Moody and Mme. Suzanne Lenglen.

SWIMMING:—Johnny Weissmuller and Gertrude Ederle.

Miss Sibyl Bauer, one of America's greatest women swimmers who died three years ago, is not named. Neither is Mollie Mallory in tennis, and she should be, for it was only Mrs. Moody's advantage in youth that gave her victory over the former American champion.

Naturally every person has his own idea on such matters but it seems that Jones has erred in some instances. Ray Conger certainly merits a place in the ranks with other track and field stars and Grange is probably the most sensational ball-carrier football has ever known. Chic Harley, who now is enjoying improved health at his Chicago home, also deserves a place along with Eckersoll, Gipp and others.

The Salem downtown coaching coterie turned out in a body at the Thursday workouts of Stone's proteges at Dunn Eden. Among those present were Mayor John Davidson, Justice Donald Buraw, Joe Reese, Pete Litty, Norm Reich, Fred Paxson, George Lewis Sr., George Lewis II, Mat Engeter, Ed Bailey, George Early and plenty of others.

All football officials and coaches are invited to attend the football rules interpretation meeting to be held at the Keystone Athletic Club in Pittsburgh on the evening of Sept. 15.

Walter R. Okeson, commissioner of the Eastern Association for Selection of football officials, today notified W. D. Harrison, director of athletics at the University of Pittsburgh, of the date of the meeting, which is for all football officials and coaches of western Pennsylvania and West Virginia. Pitt is a member of the association.

American Yachts Conquer British
OYSTER BAY, N. Y., Sept. 5.—America's six meter yachting team has scored an overwhelming victory over Great Britain in the second competition for the British-American cup.

The American team won its fourth successive race of the best-four-out-of-seven series in Long Island Sound yesterday. The Americans scored 20½ points to 15 for the Britons and an aggregate of 89 to 55 for the entire series.

Great Britain won the inaugural series for the cup in the Clyde in 1928.

Several Veterans Out At Training Workouts Of Salem High School

A squad of husky candidates, more than 50 in number, form the grid talent with which Coach Floyd W. Stone and his assistant, Frank B. Lewis, are working in preparation for the 1930 football season at Dunn Eden lake this week. If numbers are any indication the Red and Black undoubtedly will have another great grid aggregation, one which may even rank with the team developed by Stone last year.

Included in the group of candidates at the camp are several veterans of varsity competition upon whom Stone is depending as the nucleus of his regular eleven this year. Prospects for a classy combine are unusually bright.

Fairly stiff workouts were held at the camp starting Monday, this week, with the entire squad of candidates in excellent condition. The warm weather has had no harmful effect on the candidates while only one player, Hugh Bailey, letterman of last year, is on the injured list.

Injures Ankle
Bailey sustained a sprained ankle in the camp workouts but was able to hobble after forward passes and participate in lighter workouts yesterday. Wilbur "Skinny" Weber, ineligible letterman, is attending camp and expects to pass an examination which probably will be given him by school officials next week.

Camp will break up shortly after noon tomorrow. Scrimmages have been held daily but ice is taken by Stone not to submit his gridders to too strenuous workouts. Forward passing, line charges and returning of punts forms the greater part of actual work.

What The Stars Did Yesterday

(By Associated Press)
GABBY HARTNETT, Cubs — Drove in six runs against Pirates with two home runs.
JIMMY WILSON, Cardinals — Slugged Red pitching for two doubles, triple and single.
AL SIMMONS, Athletics — Collected four hits, drove in six runs, including winning one, in 15-inning battle with Red Sox.
WILLIS HUDLIN, Indians — Held White Sox to three hits and beat them 3-2.
IRVING HADLEY, Senators — Pitched effectively against Yankees, granting six hits and winning 3-2.

Ed Beck and George Ballentine were chief kickers in yesterday's sessions with ends and backfield men doing tackling and running back the kicks. Linemen also were subjected to this part of the routine. Beck and Johnny French heaved forward passes along with Bill Smith. All are veterans.

Former Stam Aid Stone

Bob VanBlaricom, whom Sam William looks on as a real prospect at Ohio State, and Ed Sidinger are assisting in tutoring the youngsters in grid fundamentals.

Lewis, new assistant coach, succeeds Harold C. McCord who has taken charge of athletics at a school near Columbus. Stone's new aide is a graduate of Iowa State college and probably will have charge of coaching the reserve talent of which there probably will be a great number.

Every member of the Mullins team but Manager Myers clouted at least one safety, the team hitting George Early for 13 hits, one of them a homer by Jim Fitzpatrick. Hardware secured nine hits off Watkins, Frank Scullion clouting for the circuit.

Mullins Wins Deciding Game Of Series From Hardware

Erratic fielding on part of players of both teams featured, or rather marred, the final contest of the series between Mullins and Hardware mushballers at Centennial park Thursday evening, the body-makers easing through to a 12-8 victory behind classy hurling performance of Sam Watkins.

The body-makers had five errors and the Hardware seven. Pat Bolen, who played errorless ball the first two games of the series, contributed four misplays to the Mullins total while Harry Izenour and Frank Scullion each booted three for the Hardware.

Men's Singles Open At Forest Hills

NEW YORK, Sept. 5.—The national men's singles tennis championships get under way at Forest Hills tomorrow with a first round clash between Jean Borotra of France and Berkeley Bell of Austin, Tex., expected to provide most of the fireworks.

The first day's schedule of 31 first round matches will cut the field of 95 by about one-third.

The luck of the draw was all against Borotra, favored with Big Bill Tilden to reach the final round. Not only is he pitted against such a formidable first round opponent as Bell but probably will be forced to meet another "first ten" player in the second round, Fritz Mercier of Bethlehem, Pa.

The Cards gained their deadlock for second place yesterday by trouncing Cincinnati 19 to 2. The Giants at the same time took a 7 to 1 beating from the Boston Braves and last a full game in the chase for the pennant.

The Cards looked quite impressive in the slaughter of the Reds yesterday. They clouted Larry Benton and Silas Johnson for 18 hits and broke up a tight game by putting over an eight run rally in the sixth inning. The Giants, on the other hand, gave a rather weak exhibition against old Tom Zachary. They made only nine hits and failed to get any effective bunches on blows.

Cubs Beat Pirates

Chicago's Cubs had another tough struggle with Pittsburgh but came out victorious in the tenth inning, 10 to 7, when Gabby Hartnett clouted his second home run of the game and his 31st of the season with two on base. Brooklyn and Philadelphia had another day of idleness.

The American league leaders also had to go overtime to gain a victory. It took the Philadelphia Athletics 15 frames to down the Boston Red Sox 8 to 7. The Sox twice took the lead in the extra innings only to have home runs save the A's. Reeves hit a homer in the tenth and Bing Miller equalled it; Boston tallied twice in the 14th only to have Al Simmons tie the count with his 33rd homer. Bob Grove, who pitched nine full innings as relief hurler after hurling six frames the previous day, scored the winning run on Simmons' single in the 15th.

Washington's Senators kept pace with the champions by winning a tight game from the New York Yankees, 3 to 2. It was their 16th triumph over the Yanks in 20 games this season.

Cleveland retained its last mathematical chance of tying the Athletics by downing the Chicago White Sox, 3 to 2, as Willis Hudlin pitched a three-hit game. Detroit did some effective hitting to defeat St. Louis 8 to 4, in the fourth American league game.

Fight Results

NEW YORK—Gorilla Jones, Akron, O., and Harry Smith, New York, declared "no contest" (9); Joe Scallaro, New York, outpointed Vidal Gregorio, Spain, (10).

COLUMBUS, O.—Freddy Miller, Cincinnati, outpointed Babe Ruth, Louisville, (10).

SCRANTON, PA.—Pete Suskey, Scranton, outpointed Jimmy Goodrich, Buffalo, (10).

BANDIT KILLED DURING HOLDUP

Station Owner Fires At Trio When Cash Is Stolen By Men

POMEROY, Sept. 5.—One bandit was killed and two others were believed to have been wounded early today at Holston, near here, when W. R. Atney, 45, gasoline filling station owner, opened fire upon the trio after they had robbed him.

The three bandits, one carrying a pistol, first purchased some gas from Atney.

They then followed him into his station, and pushed him upon the cot where he slept. One of the men took all the cash from his pockets. As Atney fell on the cot he reached under the pillow, grasped a pistol, and opened fire. The one bandit was killed. The unarmed robber was standing between Atney and the armed bandit. The latter did not return the fire as the men fled from the station. Atney continued to fire at them and he reported he believed he had wounded at least one of them.

The dead bandit, unidentified, was aged about 30. He had two pistols and 52 cartridges in his pockets.

It is believed the same men held up the Tupper Plains filling station near here several nights ago. They were fired on by the owner of that station but escaped.

State To Conduct Survey On Traffic

COLUMBUS, O., Sept. 5.—The state highway department today announced it anticipated a survey of Ohio highways where automatic traffic lights are operated, with a view to eliminating lights that tend to impede traffic.

While holding that the traffic light, in its right place, is a good thing, the department contends that "either because of high pressure salesmanship of that potent power of suggestion, a delusion of grandeur, almost every cross-road, hamlet, village and town installed a light where it was neither ornate nor useful."

Granville Observes 125th Anniversary

GRANVILLE, O., Sept. 5.—Granville today celebrated the 125th anniversary of its founding, with an elaborate program of entertainment, including memorial services, a parade, basket picnic, athletic contests and an address by Governor Myers Y. Cooper. The celebration will continue tomorrow.

The village of Granville was founded in 1805 by a hardy band of religious settlers from Granville, Mass.

Boy Scouts Discover Archaeological Zone

MEXICO CITY, Sept. 5.—The department of education announced today that Boy Scouts had discovered a new archaeological zone in the wilds of the state of Guerrero. Among the figures discovered is a large stone sphinx bearing a marked resemblance to that in Egypt.

Government archaeologists are leaving forthwith to study the zone, which according to preliminary reports probably includes an entire buried city. A number of hills in the zone are believed to cover pyramids.

Wright Rabbits Get Canton Fair Prizes

Over 400 rabbits were reviewed by the judges. Wright entered four.

Talks On Taxes

COLUMBUS, Sept. 5.—Seldon R. Glina, member of the Kentucky tax commission, yesterday said Ohio would never be able to get a satisfactory taxation system from a regular session of the state legislature. He recommended that efforts to enact a new tax law in accordance with the classification tax amendment be made at a special legislative session.

COURT NEWS

WIFE ASKS DIVORCE

Through her counsel, Coxran and Crawford of East Liverpool, Alena P. Stephens has filed an action for divorce and alimony in common pleas court against her husband, Clarence E. Stephens of 343 Grant street, East Liverpool. They were married at New Cumberland, W. Va., Oct. 23, 1913, and five children are of issue.

Gross neglect of duty and extreme cruelty is charged in the petition, which also sets up that unless restrained by the court Stephens will destroy the household goods of the plaintiff.

PROPERTY TRADE IN COURT

Warren E. Everhart recently agreed to trade his property at 1232 Mount street, Salem, for a farm of 22.20 acres in section 27, Butler

township, owned by Albert L. Wood. The exchange was made, according to a petition filed in common pleas court by Everhart, who has set up that the farm property was not properly represented, and that two "drilled wells" also were not as represented. Everhart now seeks judgment for \$518 damages and other equity when the case finally is heard.

The use of history is to give value to the present hour of its duty—Emerson.
